## CHOSEN TO KILL BURNS AND DREW

Ironworker Makes Sensational  
Conspiracy Confession.

REFUSES TO ACCEPT OFFER

George F. Davis Says He Was Promised \$5,000 to Slay Attorney for National Erectors' Association and Told to "Get" Detective William J. Burns if Possible.

New York, Oct. 3.—George F. Davis, alias George O'Donnell, the ironworker arrested in connection with dynamite outrages in the East, confessed, according to his captors, that he was the man chosen to kill Walter Drew, attorney for the National Erectors' association, in December, 1911, after Drew was charged with kidnapping John McNamara.

It was suggested also that he try to "get" William J. Burns, the detective employed by Drew and his associates to unearth the dynamite conspiracy. The price on Drew's head at that time, Davis said, was \$5,000.

"I told them," his confession sets forth, "that I didn't want to mix up in such business."

The conspiracy thought to have been broken up by the conviction of Ryan and others still exists, according to Davis' confession. With the exception of Harry Jones the men he mentions in connection with his various dynamite jobs already have been arrested, although his confession indicated that the government had not obtained all the incriminating evidence against these defendants when they were tried at Indianapolis.

Foster, the Louisville detective who shadowed the ironworker through Eastern cities several weeks ago, when Davis was displeased with his treatment by the union, persuaded him to make a full confession.

Quits Job at Pittsburg.

This was Sept. 16. For a week Davis had been working in Pittsburg for the Thompson-Starrett company. Then the local delegate of the ironworkers' union told him he must pay a \$26 initiation fee to the local union or quit work. Davis quit.

The detective told him that he knew all about his deeds anyway and Davis, feeling that the union had deserted him, accompanied Foster to New York. Here, in the presence of representatives of the federal district attorney and the National Erectors' association, he dictated and swore to the long detailed confession given out by the district attorney.

Davis said he had been an ironworker since 1900 and had been employed at Denver, Pueblo, St. Louis, New York, Washington, Providence, Cleveland, Pittsburg and Birmingham. In the early days of the troubles between the union and the bridge builders he was a member of the entertainment committee, whose duty it was to assault nonunion workers. He began his career as a dynamiter at Trenton, N. J.

In detail the confession describes how Davis blew up or tried to blow up buildings and bridges in cities and towns of the East. It was during his preparation of plans to destroy a new building at Fall River, April 26, 1908, that Davis first came into communication with Harry Jones. He says he got Jones at Indianapolis on the telephone and asked him for money. Jones, he asserts, sent \$50. Davis said that Jones was familiar with the work he was doing.

Served Two Years in Prison.

Under the name O'Donnell, Davis was arrested for the Fall River job and served two years in prison. During his prison term, he says, his friends "made a couple of noises" in other parts of New England to convince the authorities that Davis, or O'Donnell, was not the only person doing dynamite work. After he left prison officers of the union gave him money and he went to his home in Coffeyville, Kan. John J. McNamara wanted him to take up his old trade in Oklahoma, but he refused, because it was too near home.

The arrest of the McNamaras followed soon and at the advice of President Ryan, Davis says, he returned to the East. One of his latest exploits was dynamiting a bridge at Mount Vernon under the direction of Frank C. Webb, a New York member of the executive committee of the union, who is now serving six years in prison.

A feature of Davis' statement was a story of a gigantic scheme to set off simultaneous explosions in Omaha, San Francisco, St. Louis and New York city, while the McNamaras were in jail. This was to create the impression that the McNamara brothers were by no means responsible for all the dynamiting in the country. The consummation of the plot was nipped by the confession of the two men in jail.

## CHOOSES NEWSPAPER MAN

McAdoo Appoints George R. Cooksey as Private Secretary.

Washington, Oct. 3.—Secretary McAdoo announced the appointment of George R. Cooksey as private secretary, to succeed Byron R. Newton, recently made assistant secretary of the treasury. Mr. Cooksey is a resident of Washington and has been connected with a news agency.

## DEFENSE KEEPS PLANS SECRET

Sulzer Impeachment Court Adjourns Until Monday.

JUDGE DECLINES TO DECIDE

Governor's Lawyers Move to Have Certain Evidence Stricken From the Record, but Court Rules Such Points Will Not Be Decided Until All Testimony Has Been Taken.

Albany, N. Y., Oct. 3.—Only a brief session of the impeachment trial of Governor Sulzer was held and then an adjournment until Monday afternoon was granted by Presiding Judge Cullen. This was done in order that the attorneys for the governor might perfect their plans for opening the case.

Of the plans of the defense little is known except that Senator Harvey D. Hinman will outline the defense if he is able and that Louis A. Sarecky, formerly the governor's campaign secretary, will be the first witness for the impeached executive. That the governor will testify there is no doubt, despite the fact that some members of his counsel opposed his taking the stand.

Efforts by the governor's attorneys to have certain testimony stricken from the record brought the statement from the court that this motion would have to be renewed when all the evidence was in.

"I shall hold," Judge Cullen said, "that all motions involving the probative force of competent evidence must be left until the final submission of the case."

## EATON INQUEST POSTPONED

Will Be Resumed Before Trial of the Widow.

Hingham, Mass., Oct. 3.—The mysterious death of Rear Admiral Joseph G. Eaton at his home in Assinippi seven months ago was the subject of further secret inquest. Eight witnesses were heard, most of them neighbors of the Eatons. It is upon the evidence adduced at the inquest that Mrs. Jennie M. Eaton, the admiral's widow, who is charged with murdering her husband by administering poison, is to be tried Oct. 14.

At the conclusion of proceedings the inquest was again adjourned indefinitely, but District Attorney Albert S. Barker announced that it would be resumed before Mrs. Eaton is brought to trial.

Officials of the government said that the case is one of circumstantial evidence.

## SUBSIDING IN SOUTHWEST

Flood Conditions Improve in Louisiana and Texas.

Dallas, Tex., Oct. 3.—Flood conditions in Southeast and Southwest Texas and Western Louisiana showed improvement with the cessation of rain in some sections. Most of the streams which have been out of bounds have ceased rising and at San Antonio the river began to fall as unexpectedly as it rose.

From the interior came encouraging reports that streams were falling and several days of fair weather, it is believed, would relieve conditions greatly.

It is in the rice fields of Eastern Texas and Western Louisiana that the heaviest loss will be felt.

## INJURED BY FOUL BALL

Black River Falls, Wis., Oct. 3.—James McDonald of North Bend was watching a ball game at the Jackson county fair when a foul ball struck him in the mouth. It knocked his false teeth loose and drove them into the roof of his mouth. His condition is serious.

## Death in Street Pastimes.

New York, Oct. 3.—The National Highway Protective society placed its ban on roller skating, "one-old cat," pushbikes and other juvenile street amusements. The society's September report shows an unusually large number of children killed or injured in street accidents. Since the first of the year 193 children have been killed on the streets of New York by wheel traffic.

## PHONOGRAPH COMPANY FAILS

Concern With \$500,000 Capital in Receivers' Hands.

Boston, Oct. 3.—The Boston Talking Machine company, a \$500,000 corporation, was placed in the hands of receivers in the United States district court on petition of Henry M. Whitney as creditor. He alleges that the company is unable to meet its obligations as a result of the suspension recently of the Chicago firm of O'Neill, James & Co.

## WALTER DREW. Attorney for National Erectors' Association.

Photo by American Press Association.

## GLASS MAY HAVE MADE CUTS

Girl Probably Injured When Thrown Through Windshield.

New York, Oct. 3.—Mystery perplexed investigators in the case of Hermann Oelrichs, millionaire law student at Columbia university, and Miss Lucille Singleton, daughter of a Texas mine owner.

Although Oelrichs was held in a magistrate's court for a hearing next Tuesday on the charge that he stabbed the girl while they were in his automobile a few nights ago she may have received her injuries from the jagged points of the broken windshield through which she was thrown when young Oelrichs' car crashed into a tree.

The case was further complicated by a statement by Oelrichs' lawyer that a third person, said to be a Columbia university student, was in the machine with Oelrichs and Miss Singleton.

## ABANDON BURNING SHIP DURING STORM

Fifty-four Persons in Lifeboats Several Hours.

Baltimore, Oct. 3.—Fifty-four shipwrecked persons from the British freight steamer Templemore, which was burned at sea, 800 miles east of the Virginia Capes, were brought here by the steamer Arcadia. No lives were lost. The value of the vessel and her cargo is estimated at \$700,000, covered by insurance.

Captain Isaac Jones of the Templemore said the fire was discovered late Monday night in the hold where cotton was stored. The holds were flooded, but despite this the fire reached some oil in the cargo and a terrific explosion occurred. The wireless operator then flashed the "S. O. S." signal and the Arcadia, fifty miles away, responded that she was coming at full speed.

Meantime the fire spread so rapidly that all on board had to take to the lifeboats. A storm was raging and the undertaking was hazardous. The men spent several hours in the small boats before they could be picked up by the Arcadia.

## NO INDICTMENT FOR THAW

Dutchess County Inquirers to Be Discharged.

Poughkeepsie, N. Y., Oct. 3.—The grand jury that has been considering charges in connection with the escape of Harry K. Thaw from Matteawan asylum will be discharged next Monday.

The jury took a recess last week until Oct. 6 and it is understood that no indictments were found against Thaw or any one else who might have been charged with helping him to escape.

## Society Woman Loses Jewels.

Atlantic City, N. J., Oct. 3.—Mrs. Sereno E. Payne, Jr., daughter-in-law of Congressman Payne of New York, who helped to draft the Payne-Aldrich tariff bill, was robbed of a jewel case. Her room was entered and a handbag containing the jewels was cut open and the valuables stolen.

## WILSON GOING SOUTH.

Washington, Oct. 3.—President Wilson has decided to attend the Southern Commercial congress at Mobile, Ala., Oct. 27, unless unexpected developments prevent.

## Radium Price Takes Jump.

Berlin, Oct. 3.—The price of radium has been advanced \$10,000 a gram because of an unprecedented demand for the precious substance. Radium is now quoted at \$115,000 a gram, which means a pound of it would be valued at over \$52,000,000 if such a quantity existed.

## HOUSE MEMBERS WANT VACATION

Feel That They Made Big Sacrifice For Wilson.

MAY HAVE NO FALL RECESS

Opinion Exists That if House Must Remain in Session It May as Well Do Some Work—Possible Candidacy of Roosevelt Universal Subject Around Capitol—Standpaters Puzzled.

By ARTHUR W. DUNN.

Washington, Oct. 3.—[Special.]—Many members of the house of representatives—on the majority side—thought their loyalty to the president was rather ill requited when he put his veto on an adjournment for thirty days. These members feel that they are held in Washington for no good purpose, as they do not believe in the theory that by meeting and adjourning every three days there will be much "moral influence" exerted upon the senate.

Of course the three day adjournments will give members an opportunity to go home, but even then many will be in jeopardy. It is easy to secure a roll call and show who were absent, and for some reason or other absence from roll calls makes good campaign arguments. The majority members feel that they have been compelled to make quite a sacrifice for their president.

Might Go to Work.

"If we are to stay here we might as well go to work and get out the legislation that will come before the regular session," is the opinion of quite a number of Democrats, but that view is not shared by the leaders. Early in the session those in control tied the house up so that it could not pass anything but absolutely necessary bills and the tariff and currency measures. The leaders are inclined to adhere to that program, as to take up other measures might encourage the delay in the senate.

May Have No Recess.

What worries quite a lot of congressmen is the fear that there will be no vacation between the close of the present session and the regular session in December. And it looks much that way at present with the doubt about the senate's action on the currency bill.

The Universal Subject.

Get a group of men together anywhere, and they are found to be talking about Roosevelt, just as people have talked about him for years past. "I feel absolutely authorized to say that Roosevelt will not be a candidate on the Republican ticket," said Vic Murdock.

Then he was reminded that Roosevelt once over his own signature said he would not be a candidate for the presidency again.

"What would you standpaters do?" asked one of the bull moose congressmen. "If he should be nominated?"

"It reminds me," said Campbell of Kansas, "that several men who wanted to keep their Republican hats on straight spoke all through the campaign of 1912 and never mentioned the candidate. They were great for principles."

"You may have it put up to you," some one remarked.

"I can imagine a campaign," said Campbell, "where I would talk principles and not mention the candidate."

Enough For Mica.

"We have been talking mica for two mortal hours," said Senator Martine of New Jersey, "and it seems to me that part of the tariff has been pretty thoroughly washed out. I think we ought to have a vote."

So did many others, but the vote was not taken for some time. The senate likes to have plenty of talk.

Dewey Hale and Hearty.

Admiral Dewey is still one of the marvels of official life in Washington. Owing to the honor which was conferred upon him as a reward for his victory in Manila bay he will remain on the active list during his life. And he keeps up his activity, attending meetings of the general board and making suggestions about improving the navy and aiding in the national defense with his advice.

Butler and Trouble.

During the last days of the currency discussion Congressman Butler of Pennsylvania was seeking information on a certain point. "The country is not troubled so much about what the Democratic caucus did as what this house may do," he said.

"I wish you would convince members on your side of the house of that fact," remarked Chairman Glass.

"I have had no trouble in all my life with other people," said Butler. "The trouble I have had is with myself."

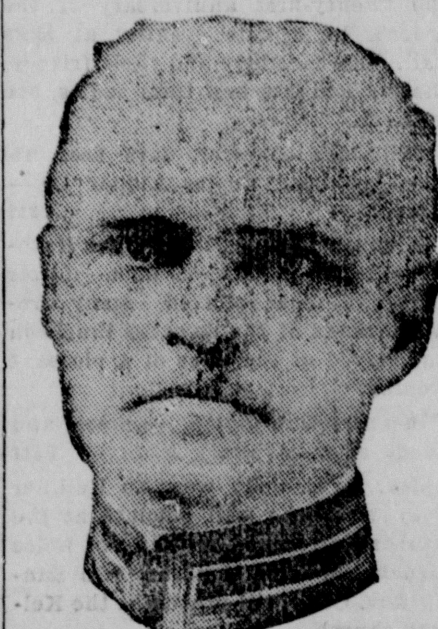

Two Currency Principles.

Senator Shafroth of Colorado left the Republican party in 1896 because it adopted the gold standard. He is not going to oppose the gold standard in the currency bill, which is being considered by the committee of which he is a member, but he is going to insist upon two basic principles. "All money should be legal tender," he asserts, "and we must not only avoid but prevent possible contraction." He thinks the Glass bill will have to be materially amended before it can pass.

Question of Support.

"I can't live without my daughter!" "Well, can you live without her father?"—Judge.

## COLONEL GOETHALS. Says Earthquake Did No Damage to Canal.

## OPPORTUNE TEST FOR CANAL

Earthquake Fails to Damage the Gatun Locks.

Panama, Oct. 3.—"Absolutely no damage was done by Wednesday night's earthquake to any part of the canal."

This signed statement was issued by Colonel George Goethals, chairman and chief engineer of the isthmian canal commission.

The canal officials are greatly pleased over the fact that within the space of a week the Gatun locks have been called upon to respond to two extreme tests and in each case proved equal to the demand.

Friday last it was demonstrated that the lock operating mechanism worked perfectly. While the earthquake test was not figured on the event came opportunely and showed to the world that it will take more than the ordinary earthquake to cause irreparable damage to the lock structures and dams.

## CONFESSES PLOT TO BLACKEN CHARACTER

Man Sued C. S. Funk for Alienating Wife's Affections.

Chicago, Oct. 3.—John C. Henning, arrested in Minneapolis, has confessed that he entered into a conspiracy to blacken the reputation of Clarence S. Funk, former general manager of the International Harvester company, according to an announcement by State's Attorney Hoynes.

Henning arrived here and, with the officials of a private detective agency, went into a conference with Hoynes. The confession, it was said, offered substantial evidence that the suit brought by Henning charging Funk with having alienated his wife's affections had been the result of a plot.

After the trial, in which Mr. Funk was found not guilty of the charge, Mrs. Henning was said to have confessed to the state's attorney that the suit had been the result of a conspiracy.

"Henning's confession is similar to one formerly made by his wife," said Hoynes.

## MEANS BLOODY CIVIL WAR

British Naval Officer's View of Home Rule for Ireland.

Winnipeg, Man., Oct. 3.—Sir George Armstrong of London, distinguished British naval officer, predicts a great civil war in Ireland.

"England can only force home rule on Ulster by undergoing the bloodiest civil war in her history," said Sir George.

He said it is difficult to believe that 100,000 men will sacrifice all they possess and even lay down their lives for principle and yet he maintained that was the attitude adopted by Ulstermen.

"It is utterly futile to talk of compromise to Ulster," he said. "One might as well ask an Englishman to come under the tutelage of the German emperor as to expect the Orangemen to accept the rule of John Redmond and his party."

## HENRY PINDELL ACCEPTABLE

Russia Returns Satisfactory Reply to State Department.

Washington, Oct. 3.—The Russian government, in reply to an inquiry from the state department, has signified that Henry M. Pindell, the Peoria (Ill.) editor, will be acceptable as American ambassador to Russia to succeed Curtis Guild of Massachusetts, resigned.

It is expected Mr. Pindell's nomination will be sent to the senate immediately.

Rail Dispute in Canada.

Winnipeg, Oct. 3.—Trainmen employed on the Western system of the Canadian Pacific railway have made a demand on the company for an eight-hour day at the same wages as at present for nine hours. Conferences are in progress.

Lodge Continues to Improve.

Mahant, Mass., Oct. 3.—Senator Henry Cabot Lodge continued on the road to recovery from the operation of last Friday.

## REJECTS TAX ON COTTON FUTURES

### LEAD EMPLOYES ON STRIKE

Superintendent Not Permitted to Enter Plant at Granite City, Ill.

St. Louis, Oct. 3.—Two hundred and fifty pressers, trippers and laborers employed in the keg plant of the National Lead company at Granite City, Ill., have refused to go to work and warned an equal number of machinists and other employees not to enter. The pickets would not permit the superintendent to enter the plant.

The strikers are demanding a wage increase of 3 cents an hour, but the superintendent says no demands have been presented to the company.

### RADIUM GAS IS A CURATIVE

Discovery That It Is as Effective as the Rare Metal.

London, Oct. 3.—The radium institute announced the discovery of the fact that the emanation of gas given off by radium is as efficient for curative purposes as radium itself. A method has also been discovered whereby the gas can be conveyed to medical men throughout the country for use among their own patients.

The gas, although given off constantly, does not weaken the parent substance.

### CALLS CUSTOMS CONFERENCE

Collectors to Consider Improved Methods of Administration.

Washington, Oct. 3.—Secretary McAdoo called a conference of collectors of customs at New York beginning Nov. 3 to consider improved methods in customs administration. In the interest of economy and efficiency it is expected that the conference will recommend sweeping reforms. Collector Mitchell of New York and Frederick A. Cleveland have made an investigation of administration methods at New York.

### ANGELL'S CONDITION SAME

Physicians Say They Entertain Hopes for Recovery.

Ann Arbor, Mich., Oct. 3.—The attending physicians announced that although Dr. James B. Angell, the aged president emeritus of the University of Michigan, experienced a restless night his condition remained practically unchanged and as long as he does not lose strength they will entertain hope for his recovery. Because of his advanced age his convalescence must necessarily be slow, they said.

### RESULTS ON THE DIAMOND

National League.

Philadelphia 8, 3; 4; New York 6, 8, 3.

Standing of the Clubs—New York, .558; Philadelphia, .597; Chicago, .570; Pittsburgh, .531; Boston, .450; Brooklyn, .442; Cincinnati, .424; St. Louis, .536.

True Love.

When love translates itself into action that action will always be unselfish. It must be so. A selfish love for others is a contradiction in terms. It does not exist, for where true love is there is always found self effacement.

### GRAIN AND PROVISION PRICES

Duluth Wheat and Flax.

Duluth, Oct. 3.—Wheat—On track and to arrive, No. 1 hard, 85½¢; No. 2 Northern, 83½¢; 83½¢; Dec., 85½¢; 85½¢; May, 90½¢. Flax—On track and to arrive, \$1.42½; Oct., \$1.41½; Nov., \$1.41; Dec., \$1.39½; May, \$1.45.

South St. Paul Live Stock.

South St. Paul, Oct. 3.—Cattle—Steers, \$6.50 to \$8.00; cows and heifers, \$4.50 to \$7.00; calves, \$6.00 to \$10.25; feeders, \$4.30 to \$7.25. Hogs, \$7.90 to \$8.40. Sheep—Shorn lambs, \$5.00 to \$6.85; shorn wethers, \$4.90 to \$4.25; shorn ewes, \$2.50 to \$3.80.

St. Paul Hay.

St. Paul, Oct. 3.—Hay—Choice timothy, \$20.00; No. 1 timothy, \$18.50 to \$19.25; No. 1 clover mixed, \$15.50 to \$16.25; No. 1 mixed, \$16.00 to \$16.75; choice upland, \$17.00; No. 1 upland, \$15.50 to \$16.25; No. 1 midland, \$14.00 to \$14.75; No. 1 alfalfa, \$20.00 to \$20.75.

Chicago Grain and Provisions.

Chicago, Oct. 3.—Wheat—Dec., 87½¢ to 87½¢; May, 92½¢. Corn—Dec., 70½¢; May, 71½¢ to 71½¢. Oats—Dec., 42½¢ to 42½¢; May, 45½¢ to 45½¢. Pork—Jan., \$10.15; May, \$20.25. Butter—Creameries, 29 to 31¢. Eggs—24 to 25¢. Poultry—Spring, 13½¢.

Chicago Live Stock.

Chicago, Oct. 3.—Cattle—Beeves, \$7.15 to \$9.40; Texas steers, \$6.90 to \$7.90; Western steers, \$6.15 to \$8.20; calves, \$7.15 to \$11.75. Hogs—Light, \$8.35 to \$9.00; mixed, \$8.10 to \$8.95; heavy, \$8.00 to \$8.90; rough, \$8.00 to \$8.20; pigs, \$4.50 to \$7.75. Sheep—Native, \$3.75 to \$4.85; yearlings, \$4.50 to \$6.90; lambs, \$5.80 to \$7.45.

Minneapolis Grain.

Minneapolis, Oct. 3.—Wheat—Dec., 85½¢ to 85½¢; May, 90½¢. Cash close on track: No. 1 hard, 86½¢; No. 1 Northern, 84½¢ to 86½¢; to arrive, 84½¢ to 84½¢; to arrive, 86½¢; No. 2 Northern, 82½¢ to 84½¢; No. 3 yellow corn, 68 to 68½¢; No. 4 corn, 65 to 66½¢; No. 3 white oats, 38½ to 38½¢; to arrive, 38½¢; No. 3 oats, 36 to 37¢.

## Senate Accepts Conference Report on Tariff Bill.

## MEASURE AGAIN IN HOUSE

Lower Body Will Probably Recede From Cotton Futures Revenue Amendment and It Is Believed the Measure Will Be Passed, Signed and Take Effect on Saturday.

Washington, Oct. 3.—The Democratic tariff revision bill probably will be in the hands of President Wilson for his signature by night. The senate passed the conference report by a vote of 36 to 17, only four more than the necessary quorum.

Senators La Follette, Republican, and Poindexter, Progressive, voted for the conference report, as they did for the bill on its passage, and Senators Randall and Thornton, Democrats, voted against it, as they did against the bill.

Immediately after the passage of the conference report, acting on motions made by Chairman Simmons of the finance committee, the senate rejected the Smith-Lever compromise cotton futures tax amendment, passed by the house Tuesday; and then receded from its own amendment, known as the Clarke cotton futures tax plan. Both of these motions were carried without roll calls and their effect is to leave the cotton futures question out of the tariff bill, so far as the senate is concerned.

The bill was returned to the house. At a conference of house leaders the question was taken up as to whether the bill might not go directly from the senate to the president. While many parliamentarians held that this course would be legal Chairman Underwood and Speaker Clark decided that the house should take formal action to recede from its cotton futures tax amendment. The completed measure then can go to President Wilson at once.

It was thought at the Capitol that the bill would become a law Saturday. Anticipating such a conclusion to the tariff revision fight the treasury department was busy making final preparations to put the new rates of duty into effect on all foreign merchandise on the day following the signature of the bill by the president. It is expected that millions of dollars worth of imported goods now held in bond will be withdrawn for distribution in this country within two or three days after the new tariff rates become effective.

## FEDERAL CONTROL OF WIRES

Bills Being Drafted for Government Ownership.

Washington, Oct. 3.—Government ownership of telegraph and telephone lines is to be proposed in bills Representative Lewis of Maryland is drafting for introduction in the house. Although the measures, which would have these public utilities taken over as a part of the postal service, have not been made an administration policy, the president is known to have discussed the idea with Representative Lewis and others interested in the project.

Mr. Lewis has prepared estimates as to the cost to the government, the availability as a source of revenue and cost of maintenance, and also has worked out a tentative plan for the requirement and operation of the two projects as government public utilities.

## BIG REVIEW OF CAVALRY

President Will Inspect Largest Body of Mounted Troops.

Washington, Oct. 3.—Preparations are being made for the review by President Wilson next

## CHOSEN TO KILL BURNS AND DREW

Ironworker Makes Sensational  
Conspiracy Confession.

REFUSES TO ACCEPT OFFER

George F. Davis Says He Was Promised \$5,000 to Slay Attorney for National Erectors' Association and Told to "Get" Detective William J. McNamara.

New York, Oct. 3.—George F. Davis, alias George O'Donnell, the ironworker arrested in connection with dynamite outrages in the East, confessed, according to his captors, that he was the man chosen to kill Walter Drew, attorney for the National Erectors' association, in December, 1911, after Drew was charged with kidnapping John McNamara.

It was suggested also that he try to "get" William J. Burns, the detective employed by Drew and his associates to unearth the dynamite conspiracy. The price on Drew's head at that time, Davis said, was \$5,000.

"I told them," his confession sets forth, "that I didn't want to mix up in such business."

The conspiracy thought to have been broken up by the conviction of Ryan and others still exists, according to Davis' confession. With the exception of Harry Jones the men he mentions in connection with his various dynamite jobs already have been arrested, although his confession indicated that the government had not obtained all the incriminating evidence against these defendants when they were tried at Indianapolis.

Foster, the Louisville detective who shadowed the ironworker through Eastern cities several weeks ago, when Davis was displeased with his treatment by the union, persuaded him to make a full confession.

Quits Job at Pittsburgh.

This was Sept. 16. For a week Davis had been working in Pittsburgh for the Thompson-Starrett company. Then the local delegate of the ironworkers' union told him he must pay a \$26 initiation fee to the local union or quit work. Davis quit.

The detective told him that he knew all about his deeds anyway and Davis, feeling that the union had deserted him, accompanied Foster to New York. Here, in the presence of representatives of the federal district attorney and the National Erectors' association, he dictated and swore to the long detailed confession given out by the district attorney.

Davis said he had been an ironworker since 1900 and had been employed at Denver, Pueblo, St. Louis, New York, Washington, Providence, Cleveland, Pittsburgh and Birmingham. In the early days of the troubles between the union and the bridge builders he was a member of the entertainment committee, whose duty it was to assault nonunion workers. He began his career as a dynamiter at Trenton, N. J.

In detail the confession describes how Davis blew up or tried to blow up buildings and bridges in cities and towns of the East. It was during his preparation of plans to destroy a new building at Fall River, April 26, 1908, that Davis first came into communication with Harry Jones. He says he got Jones at Indianapolis on the telephone and asked him for money. Jones, he asserts, sent \$50. Davis said that Jones was familiar with the work he was doing.

Served Two Years in Prison.

Under the name O'Donnell, Davis was arrested for the Fall River job and served two years in prison. During his prison term, he says, his friends "made a couple of noises" in other parts of New England to convince the authorities that Davis, or O'Donnell, was not the only person doing dynamite work. After he left prison officers of the union gave him money and he went to his home in Coffeyville, Kan. John J. McNamara wanted him to take up his old trade in Oklahoma, but he refused, because it was too near home.

The arrest of the McNamaras followed soon and at the advice of President Ryan, Davis says, he returned to the East. One of his latest exploits was dynamiting a bridge at Mount Vernon under the direction of Frank C. Webb, a New York member of the executive committee of the union, who is now serving six years in prison.

A feature of Davis' statement was a story of a gigantic scheme to set off simultaneous explosions in Omaha, San Francisco, St. Louis and New York city, while the McNamaras were in jail. This was to create the impression that the McNamaras brothers were by no means responsible for all the dynamiting in the country. The consummation of the plot was nipped by the confession of the two men in jail.

## CHOOSES NEWSPAPER MAN

McAdoo Appoints George R. Cooksey as Private Secretary.

Washington, Oct. 3.—Secretary McAdoo announced the appointment of George R. Cooksey as private secretary, to succeed Byron R. Newton, recently made assistant secretary of the treasury. Mr. Cooksey is a resident of Washington and has been connected with a news agency.

## DEFENSE KEEPS PLANS SECRET

Sulzer Impeachment Court Adjourns Until Monday.

JUDGE DECLINES TO DECIDE

Governor's Lawyers Move to Have Certain Evidence Stricken From the Record, but Court Rules Such Points Will Not Be Decided Until All Testimony Has Been Taken.

Albany, N. Y., Oct. 3.—Only a brief session of the impeachment trial of Governor Sulzer was held and then an adjournment until Monday afternoon was granted by Presiding Judge Cullen. This was done in order that the attorneys for the governor might perfect their plans for opening the case.

Of the plans of the defense little is known except that Senator Harvey D. Hinman will outline the defense if he is able and that Louis A. Serecky, formerly the governor's campaign secretary, will be the first witness for the impeached executive. That the governor will testify there is no doubt, despite the fact that some members of his counsel opposed his taking the stand.

Efforts by the governor's attorneys to have certain testimony stricken from the record brought the statement from the court that this motion would have to be renewed when all the evidence was in.

"I shall hold," Judge Cullen said, "that all motions involving the probative force of competent evidence must be left until the final submission of the case."

## EATON INQUEST POSTPONED

Will Be Resumed Before Trial of the Widow.

Hingham, Mass., Oct. 3.—The mysterious death of Rear Admiral Joseph G. Eaton at his home in Assinippi seven months ago was the subject of further secret inquest. Eight witnesses were heard, most of them neighbors of the Eatons. It is upon the evidence adduced at the inquest that Mrs. Jennie M. Eaton, the admiral's widow, who is charged with murdering her husband by administering poison, is to be tried Oct. 14.

At the conclusion of proceedings the inquest was again adjourned indefinitely, but District Attorney Albert S. Barker announced that it would be reconvened before Mrs. Eaton is brought to trial.

Officials of the government said that the case is one of circumstantial evidence.

## SUBSIDING IN SOUTHWEST

Flood Conditions Improve in Louisiana and Texas.

Dallas, Tex., Oct. 3.—Flood conditions in Southeast and Southwest Texas and Western Louisiana showed improvement with the cessation of rain in some sections. Most of the streams which have been out of bounds have ceased rising and at San Antonio the river began to fall as unexpectedly as it rose.

From the interior came encouraging reports that streams were falling and several days of fair weather, it is believed, would relieve conditions greatly.

It is in the rice fields of Eastern Texas and Western Louisiana that the heaviest loss will be felt.

## INJURED BY FOUL BALL.

Black River Falls, Wis., Oct. 3.—James McDonald of North Bend was watching a ball game at the Jackson county fair when a foul ball struck him in the mouth. It knocked his false teeth loose and drove them into the roof of his mouth. His condition is serious.

## Death in Street Pastimes.

New York, Oct. 3.—The National Highway Protective society placed its ban on roller skating, "one-old cat," pushbikes and other juvenile street amusements. The society's September report shows an unusually large number of children killed or injured in street accidents. Since the first of the year 193 children have been killed on the streets of New York by wheel traffic.

## PHONOGRAPH COMPANY FAILS

Concern With \$500,000 Capital in Receivers' Hands.

Boston, Oct. 3.—The Boston Talking Machine company, a \$500,000 corporation, was placed in the hands of receivers in the United States district court on petition of Henry M. Whitney as creditor. He alleges that the company is unable to meet its obligations as a result of the suspension recently of the Chicago firm of O'Neill, James & Co.

## GLASS MAY HAVE MADE CUTS

Girl Probably Injured When Thrown Through Windshield.

New York, Oct. 3.—Mystery perplexed investigators in the case of Hermann Oelrichs, millionaire law student at Columbia university, and Miss Lucille Singleton, daughter of a Texas mine owner.

Although Oelrichs was held in a magistrate's court for a hearing next Tuesday on the charge that he stabbed the girl while they were in his automobile a few nights ago she may have received her injuries from the jagged points of the broken windshield through which she was thrown when young Oelrichs' car crashed into a tree.

The case was further complicated by a statement by Oelrichs' lawyer that a third person, said to be a Columbia university student, was in the machine with Oelrichs and Miss Singleton.

## ABANDON BURNING SHIP DURING STORM

Fifty-four Persons in Lifeboats  
Several Hours.

Baltimore, Oct. 3.—Fifty-four shipwrecked persons from the British freight steamer Templemore, which was burned at sea, 800 miles east of the Virginia Capes, were brought here by the steamer Arcadia. No lives were lost. The value of the vessel and her cargo is estimated at \$700,000, covered by insurance.

Captain Isaac Jones of the Templemore said the fire was discovered late Monday night in the hold where cotton was stored. The holds were flooded, but despite this the fire reached some oil in the cargo and a terrific explosion occurred. The wireless operator then flashed the "S. O. S." signal and the Arcadia, fifty miles away, responded that she was coming at full speed.

Meantime the fire spread so rapidly that all on board had to take to the lifeboats. A storm was raging and the undertaking was hazardous. The men spent several hours in the small boats before they could be picked up by the Arcadia.

## NO INDICTMENT FOR THAW

Dutchess County Inquisitors to Be Discharged.

Poughkeepsie, N. Y., Oct. 3.—The grand jury that has been considering charges in connection with the escape of Harry K. Thaw from Matteawan asylum will be discharged next Monday.

The jury took a recess last week until Oct. 6 and it is understood that no indictments were found against Thaw or any one else who might have been charged with helping him to escape.

## Society Woman Loses Jewels.

Atlantic City, N. J., Oct. 3.—Mrs. Sereno E. Payne, Jr., daughter-in-law of Congressman Payne of New York, who helped to draft the Payne-Aldrich tariff bill, was robbed of a jewel case. Her room was entered and a handbag containing the jewels was cut open and the valuables stolen.

## WILSON GOING SOUTH.

Washington, Oct. 3.—President Wilson has decided to attend the Southern Commercial congress at Mobile, Ala., Oct. 27, unless unexpected developments prevent.

## Radium Price Takes Jump.

Berlin, Oct. 3.—The price of radium has been advanced \$10,000 a gram because of an unprecedented demand for the precious substance. Radium is now quoted at \$115,000 a gram, which means a pound of it would be valued at over \$52,000,000 if such a quantity existed.

## HOUSE MEMBERS WANT VACATION

Feel That They Made Big  
Sacrifice For Wilson.

MAY HAVE NO FALL RECESS

Opinion Exists That if House Must Remain in Session It May as Well Do Some Work—Possible Candidacy of Roosevelt Universal Subject Around Capital—Standpatters Puzzled.

By ARTHUR W. DUNN.

Washington, Oct. 3.—[Special.]—Many members of the house of representatives—on the majority side—thought their loyalty to the president was rather ill requited when he put his veto on an adjournment for thirty days. These members feel that they are held in Washington for no good purpose, as they do not believe in the theory that by meeting and adjourning every three days there will be much "moral influence" exerted upon the senate.

Of course the three day adjournments will give members an opportunity to go home, but even then many will be in jeopardy. It is easy to secure a roll call and show who were absent, and for some reason or other absence from roll calls makes good campaign arguments. The majority members feel that they have been compelled to make quite a sacrifice for their president.

Might Go to Work.

"If we are to stay here we might as well go to work and get out the legislation that will come before the regular session," is the opinion of quite a number of Democrats, but that view is not shared by the leaders. Early in the session those in control tied the house up so that it could not pass anything but absolutely necessary bills and the tariff and currency measures. The leaders are inclined to adhere to that program, as to take up other measures might encourage the delay in the senate.

May Have No Recess.

What worries quite a lot of congressmen is the fear that there will be no vacation between the close of the present session and the regular session in December. And it looks much that way at present with the doubt about the senate's action on the currency bill.

The Universal Subject.

Get a group of men together anywhere, and they are found to be talking about Roosevelt, just as people have talked about him for years past. "I feel absolutely authorized to say that Roosevelt will not be a candidate on the Republican ticket," said Vic Murdock.

Then he was reminded that Roosevelt once over his own signature said he would not be a candidate for the presidency again.

"What would you standpatters do?" asked one of the bull moose congressmen. "If he should be nominated?"

"It reminds me," said Campbell of Kansas, "that several men who wanted to keep their Republican hats on a straight spoke all through the campaign of 1912 and never mentioned the candidate. They were great for principles."

"You may have it put up to you," someone remarked.

"I can imagine a campaign," said Campbell, "where I would talk principles and not mention the candidate."

Enough For Mica.

"We have been talking mica for two mortal hours," said Senator Martine of New Jersey, "and it seems to me that part of the tariff has been pretty thoroughly washed out. I think we ought to have a vote."

So did many others, but the vote was not taken for some time. The senate likes to have plenty of talk.

Dewey Hale and Hearty.

Admiral Dewey is still one of the marvels of official life in Washington. Owing to the honor which was conferred upon him as a reward for his victory in Manila he will remain on the active list during his life. And he keeps up his activity, attending meetings of the general board and making suggestions about improving the navy and aiding in the national defense with his advice.

Butler and Trouble.

During the last days of the currency discussion Congressman Butler of Pennsylvania was seeking information on a certain point. "The country is not troubled so much about what the Democratic caucus did as what this house may do," he said.

"I wish you would convince members on your side of the house of that fact," remarked Chairman Glass.

"I have had no trouble in all my life with other people," said Butler. "The trouble I have had is with myself."

Two Currency Principles.

Senator Shafroth of Colorado left the Republican party in 1896 because it adopted the gold standard. He is not going to oppose the gold standard in the currency bill, which is being considered by the committee of which he is a member, but he is going to insist upon two basic principles. "All money should be legal tender," he asserts, "and we must not only avoid but prevent possible contraction." He thinks the Glass bill will have to be materially amended before it can pass.

Question of Support.

"I can't live without your daughter!" "Well, can you live without her father?"—Judge.

COLONEL GOETHALS.

Says Earthquake Did No Damage to Canal.

## OPPORTUNE TEST FOR CANAL

Earthquake Fails to Damage the Gatun Locks.

Panama, Oct. 3.—"Absolutely no damage was done by Wednesday night's earthquake to any part of the canal."

This signed statement was issued by Colonel George Goethals, chairman and chief engineer of the isthmian canal commission.

The canal officials are greatly pleased over the fact that within the space of a week the Gatun locks have been called upon to respond to two extreme tests and in each case proved equal to the demand.

Friday last it was demonstrated that the lock operating mechanism worked perfectly. While the earthquake test was not figured on the event came opportunely and showed to the world that it will take more than the ordinary earthquake to cause irreparable damage to the lock structures and dams.

## CONFESSES PLOT TO BLACKEN CHARACTER

Man Sued C. S. Funk for Alienating Wife's Affections.

Chicago, Oct. 3.—John C. Henning, arrested in Minneapolis, has confessed that he entered into a conspiracy to blacken the reputation of Clarence S. Funk, former general manager of the International Harvester company, according to an announcement by State's Attorney Hoyne.

Henning arrived here and, with the officials of a private detective agency, went into a conference with Hoyne. The confession, it was said, offered substantial evidence that the suit brought by Henning charging Funk with having alienated his wife's affections had been the result of a plot.

After the trial, in which Mr. Funk was found not guilty of the charge, Mrs. Henning was said to have confessed to the state's attorney that the suit had been the result of a conspiracy.

"Henning's confession is similar to one formerly made by his wife," said Hoyne.

## MEANS BLOODY CIVIL WAR

British Naval Officer's View of Home Rule for Ireland.

Winnipeg, Man., Oct. 3.—Sir George Armstrong of London, distinguished British naval officer, predicts a great civil war in Ireland.

"England can only force home rule on Ulster by undergoing the bloodiest civil war in her history," said Sir George.

He said it is difficult to believe that 100,000 men will sacrifice all they possess and even lay down their lives for principle and yet he maintained that was the attitude adopted by Ulstermen.

"It is utterly futile to talk of compromise to Ulster," he said.

"One might as well ask an Englishman to come under the tutelage of the German emperor as to expect the Orangemen to accept the rule of John Redmond and his party."

## HENRY PINDELL ACCEPTABLE

Russia Returns Satisfactory Reply to State Department.

Washington, Oct. 3.—The Russian government, in reply to an inquiry from the state department, has signified that Henry M. Pindell, the Peoria (Ill.) editor, will be acceptable as American ambassador to Russia to succeed Curtis Guild of Massachusetts, resigned.

It is expected Mr. Pindell's nomination will be sent to the senate immediately.

Rail Dispute in Canada.

Winnipeg, Oct. 3.—Trainmen employed on the Western system of the Canadian Pacific railway have made a demand on the company for an eight-hour day at the same wages as at present for nine hours. Conferences are in progress.

Lodge Continues to Improve.

Mahant, Mass., Oct. 3.—Senator Henry Cabot Lodge continued on the road to recovery from the operation of last Friday.

## REJECTS TAX ON COTTON FUTURES

LEAD EMPLOYES ON STRIKE

Superintendent Not Permitted to Enter Plant at Granite City, Ill.

St. Louis, Oct. 3.—Two hundred and fifty pressers, trippers and laborers employed in the keg plant of the National Lead company at Granite City, Ill., have refused to go to work and warned an equal number of machinists and other employees not to enter. The pickets would not permit the superintendent to enter the plant.

The strikers are demanding a wage increase of 3 cents an hour, but the superintendent says no demands have been presented to the company.

## RADIUM GAS IS A CURATIVE

Discovery That It Is as Effective as the Rare Metal.

London, Oct. 3.—The radium institute announced the discovery of the fact that the emanation of gas given off by radium is as efficient for curative purposes as radium itself. A method has also been discovered whereby the gas can be conveyed to medical men throughout the country for use among their own patients.

The gas, although given off constantly, does not weaken the parent substance.

## CALLS CUSTOMS CONFERENCE

Collectors to Consider Improved Methods of Administration.

Washington, Oct. 3.—Secretary McAdoo called a conference of collectors of customs at New York beginning Nov. 3 to consider improved methods in customs administration. In the interest of economy and efficiency it is expected that the conference will recommend sweeping reforms. Collector Mitchell of New York and Frederick A. Cleveland have made an investigation of administration methods at New York.

## ANGELL'S CONDITION SAME

Physicians Say They Entertain Hope for Recovery.

Ann Arbor, Mich., Oct. 3.—The attending physicians announced that although Dr. James B. Angell, the aged president emeritus of the University of Michigan, experienced a restless night his condition remained practically unchanged and as long as he does not lose strength they will entertain hope for his recovery. Because of his advanced age his convalescence must necessarily be slow, they said.

## RESULTS ON THE DIAMOND

National League.

Senate Accepts Conference Report on Tariff Bill.

## MEASURE AGAIN IN HOUSE

Lower Body Will Probably Recede From Cotton Futures Revenue Amendment and It Is Believed the Measure Will Be Passed, Signed and Take Effect on Saturday.

Washington, Oct. 3.—The Democratic tariff revision bill probably will be in the hands of President Wilson for his signature by night. The senate passed the conference report by a vote of 36 to 17, only four more than the necessary quorum.

Sensors La Follette, Republican, and Poinexter, Progressive, voted for the conference report, as they did for the bill on its passage, and Senators Ransdell and Thornton, Democrats, voted against it, as they did against the bill.

Immediately after the passage of the conference report, acting on motions made by Chairman Simmons of the finance committee, the senate rejected the Smith-Lever compromise cotton futures tax amendment, passed by the house Tuesday; and then receded from its own amendment, known as the Clarke cotton futures tax plan. Both of these motions were carried without roll calls and their effect is to leave the cotton futures question out of the tariff bill, so far as the senate is concerned.

The bill was returned to the house. At a conference of house leaders the question was taken up as to whether the bill might not go directly from the senate to the president. While many parliamentarians held that this course would be legal Chairman Underwood and Speaker Clark decided that the house should take formal action to recede from its cotton futures tax amendment. The completed measure then can go to President Wilson at once.

It was thought at the Capitol that the bill would become a law Saturday. Anticipating such a conclusion to the tariff revision fight the treasury department was busy making final preparations to put the new rates of duty into effect on all foreign merchandise on the day following the signature of the bill by the president. It is expected that millions of dollars worth of imported goods now held in bond will be withdrawn for distribution in this country within two or three days after the new tariff rates become effective.

## FEDERAL CONTROL OF WIRES

Bills Being Drafted for Government Ownership.

Washington, Oct. 3.—Government ownership of telegraph and telephone lines is to be proposed in bills Representative Lewis of Maryland is drafting for introduction in the house. Although the measures, which would have these public utilities taken over as a part of the postal service, have not been made an administration policy, the president is known to have discussed the idea with Representative Lewis and others interested in the project.

Mr. Lewis has prepared estimates as to the cost to the government, the availability as a source of revenue and cost of maintenance, and also has worked out a tentative plan for the acquirement and operation of the two projects as government public utilities.

## BIG REVIEW OF CAVALRY

President Will Inspect Largest Body of Mounted Troops.

Washington, Oct. 3.—Preparations are being made for the review by President Wilson next Thursday of the largest body of cavalry troops assembled in Washington since the close

Harm the Tender Little Stom-  
ach, Liver and Bowels

If your little one's tongue is coat-  
ed it is a sure sign the stomach, liver  
and bowels need a gentle, thorough  
cleansing at once. When your child  
is cross, peevish, listless, pale, doesn't  
sleep, eat or act naturally; if breath  
is bad, stomach sour, system full of  
cold, throat sore, or if feverish, give  
a teaspoonful of "California Syrup of  
Figs" and in a few hours all the  
clogged up, constipated waste, sour  
bile and undigested food will gently  
move out of the bowels, and you have  
a well, playful child again.

Sick children needn't be coaxed to  
take this harmless "fruit laxative." Millions  
of mothers keep it handy because they  
know its action on the stomach, liver  
and bowels is prompt and sure. They also  
know a little given today saves a sick  
child tomorrow.

Ask your druggist for a 50-cent  
bottle of "California Syrup of Figs,"  
which contains directions for babies,  
children of all ages and for grown-  
ups plainly on the bottle. Beware of  
counterfeits sold here. Get the  
genuine, made by "California Fig  
Syrup Company." Don't be fooled!  
—Adv.

## Your Friends will turn to look Again at Either of These Coats

There is a grace of line, a beauty of material,  
a distinctiveness of the entire garment that  
stamps them as being real distinction in dress,  
nor is the reason hard to find—for these are  
Printzess Garments.

You can own a Printzess at a price well with-  
in your means.

**NEIGHBORING NEWS NOTES**

Of a Local Nature Gleaned from  
Bright Exchanges that Come to  
the Editorial Table

The Detroit Record lovingly speaks  
of a man in that neighborhood as  
"Frazee's pusillanimous plemire."

Aitkin is sore because a Crosby  
paper says their boys are a cheap  
brand of sports. The ball game did  
not turn out right.

The Bemidji Sentinel is justly  
proud of its new equipment costing  
\$8,000 and consisting of new presses,  
folder and linotype.

The yield of wild rice in the beds  
around Leech lake this season has  
been tremendous and the Indians  
have profited from the crop. More  
than 500 of the natives have been  
engaged in the annual harvest.

The public schools at Verndale  
have been closed for a week owing  
to the fact that so many of the scholars  
are working in the potato fields pick-  
ing up spuds that the attendance did  
not warrant keeping the school go-  
ing until the crop was gathered.

A street salesman cleaned up \$200  
in as many minutes at Verndale, sell-  
ing the residents of that town all the  
supplies they will need for the win-  
ter in the shape of collar buttons,  
writing paper, shoe strings, gold  
watches and chains and the like. It  
was like taking candy from the baby  
according to the Sun.

The Aitkin people were somewhat  
worried by rumors that the Jones  
furnace people would pass them up  
and letters from the secretary were  
unanswered, but word has been re-  
ceived from Mr. Parent that he "got  
married" last Saturday which is the  
reason the Dell Development com-  
pany's business has been delayed. He  
writes the Aitkin people that they  
will understand.

John Sloan, a Chippewa Indian,  
left 20 years ago and his people sup-  
posed him dead as he had not com-  
municated in any manner with them  
during all this time. His Indian al-  
lotment at White Earth was sold and  
the proceeds distributed to his alleged  
heirs through the probate court. Ten  
days ago Sloan returned from Alaska  
and claims his allotment of land.  
The courts will have to straighten  
out the tangle.

There is more Catarrh in this section  
of the country than all other diseases  
put together, and until the last few  
years was supposed to be incurable. For  
a great many years doctors pronounced  
it incurable, and by constantly failing to  
cure with local treatment, pronounced it  
incurable. Science has proven Catarrh  
requires constitutional treatment, and  
therefore a constitutional cure on the  
market. It is taken internally in doses from 10  
drops to a teaspoonful. It acts on the  
blood and mucous surfaces of the  
system. They offer one hundred  
dollars for any case it fails to cure. Send  
for circulars and testimonials.

Address, F. J. Cheney & Co., Toledo, O.  
Take Hall's Little Blue Pills for constipa-  
tion.

What We Pay For Music.

Music in all its forms results in the  
expenditure of about \$600,000,000 an-  
nually in this country.

Postmaster Antoine Deloria, Gard-  
ner, Mich., speaks for the guidance  
of those troubled with kidney and blad-  
der irregularities and says: "From  
my own experience I can recommend  
Foley Kidney Pills. My father also  
was cured of kidney disease, and  
many neighbors were cured by Foley  
Kidney Pills." For sale by H. P.  
Dunn.—Adv. mwt

State of Minnesota, County of Crow  
Wing, In Probate Court.

In the Matter of the Estate of James  
Andrew Gardner, Decedent.

The State of Minnesota to all persons  
interested in the granting of administra-  
tion of the estate of said decedent: The  
petition of Minnie E. Gardner having  
been filed in this court, representing that  
James Andrew Gardner, a resident  
of the County of Crow Wing, State of  
Minnesota, died intestate on the 20th day  
of September, A. D. 1913; and praying  
that letters of administration of his es-  
tate be granted to said Minnie E. Gar-  
dner; and the court having fixed the time  
and place for hearing said petition;  
Therefore, you, and each of you, are here-  
by cited and required to show cause, if  
any you have, before this court at the  
Probate Court Rooms in the County Court  
House, in the city of Brainerd, in the  
County of Crow Wing, State of Minne-  
sota, on the 24th day of October, A. D.  
1913, at ten o'clock A. M., why said peti-  
tion should not be granted.

Witness, the Judge of said court, and  
the Seal of said court, this second day  
of October, A. D. 1913.

**CERTIFICATE OF INCORPORATION  
OF  
CANADIAN-CUYUNA ORE COMPANY**

The undersigned hereby associate  
for the purpose of forming a corpora-  
tion under the laws of the state of Min-  
nesota, and, to that end, hereby adopt  
the following

**ARTICLE I.**  
The name of the corporation shall be  
Canadian-Cuyuna Ore Company.

The principal place of transacting its  
business shall be in the city of Brainerd,  
Crow Wing County, Minnesota; but it  
may establish offices and conduct busi-  
ness in any other state or country.

The general nature of its business shall  
be to acquire, in any lawful manner, and  
hold, manage, use, enjoy, encumber or  
dispose of lands, tenements and heredi-  
taments, including leases of mines and  
mineral lands; to plat townsites and dis-  
pose of the same; to explore for ores and  
minerals, whether for the corporation or  
for others; to buy and sell, on commis-  
sion or otherwise, ores, metals and min-  
erals, and to mine, smelt, reduce, refine,  
work, manufacture or deal in the same;  
and to acquire and dispose of personal  
property, including stock in other cor-  
porations.

**ARTICLE II.**  
The period of duration of said corpora-  
tion shall be thirty (30) years from the  
tenth day of October, 1913.

**ARTICLE III.**  
The names of the incorporators are  
B. F. Lum, D. E. Bridgman, and B. M.  
Payne, all of whom reside in the city of  
Minneapolis, Minnesota.

**ARTICLE IV.**  
The management of said corporation  
shall be vested in a board of not less than  
three nor more than seven directors, all  
of whom shall be elected by ballot by  
and from among the stockholders, at the  
annual meeting hereof, which shall be  
held at the office of the corporation in  
the city of Brainerd, Minnesota, or at  
such other place without the state of  
Minnesota as the Board of Directors may  
designate, on the second Tuesday of Oc-  
tober in each year, and when elected  
shall continue in office until their suc-  
cessors are chosen, and enter upon the  
discharge of their duties. Until their  
successors shall be chosen, the first  
Board of Directors shall be composed of  
the incorporators above named.

The first meeting of the Board of Di-  
rectors shall be held at Minneapolis, Min-  
nesota, October 10th, 1913.

**ARTICLE V.**  
The amount of capital stock of the  
corporation shall be five hundred thou-  
sand dollars, divided into five  
thousand (5000) shares of one hundred  
dollars (\$100) each, and said capital  
shall be paid in full by the subscribers  
in such manner as shall be required by  
the Board of Directors. No share of stock  
shall be issued for less than par, and  
not less than par. The corporation may  
adopt by-laws regulating the transfer of  
any and all shares of stock issued by it.

**ARTICLE VI.**  
The highest amount of indebtedness or  
liability to which the corporation shall  
at any time be subject is five hundred  
thousand dollars (\$500,000).

**ARTICLE VII.**  
In case of failure to elect directors at  
any annual meeting, they may be elected  
at any subsequent regular or special  
meeting of the stockholders, and when  
elected shall continue in office until their  
successors are chosen and enter upon the  
discharge of their duties. The di-  
rectors shall choose from their own  
number a president, vice-president, sec-  
retary and treasurer, and such officers as  
the Board of Directors may, from time  
to time, deem advisable; and such offi-  
cers, when chosen, shall continue in of-  
fice until their respective successors are  
elected and enter upon the discharge of  
their duties. Any two officers, except  
president and vice-president, may be  
held by the same person.

At any meeting of directors a proxy  
may represent, and vote in place of, any  
director who may be absent, and who  
shall have duly authorized such proxy  
to act by a writing filed with the sec-  
retary of the corporation.

In case a vacancy shall occur in the  
Board of Directors, or in any office, it  
may be filled by the existing directors  
for the unexpired term.

In Witness Whereof, we have sub-  
scribed and acknowledged this certifi-  
cate this 1st day of October, 1913.

B. F. LUM,  
D. E. BRIDGMAN,  
B. M. PAYNE.

In presence of  
J. R. VAN DERLIP,  
OLGA A. KASER.

State of Minnesota, County of Henne-  
pin, ss.

On this 1st day of October, 1913, before  
me, a notary public within and for said  
county, personally appeared B. F. Lum,  
D. E. Bridgman and B. M. Payne, to me  
known to be the same persons described  
in and who executed the foregoing in-  
strument, and severally acknowledged  
that they executed the same as their free  
act and deed.

JOHN R. VAN DERLIP,  
Notary Public, Hennepin County, Minn.  
My commission expires May 1, 1914.  
(L. S.)

State of Minnesota, Department of  
State.

I hereby certify that the within in-  
strument was filed for record in this of-  
fice on the 1st day of October, A. D.  
1913, at 4 o'clock P. M., and was duly  
recorded in Book N-1 of Incorporations  
on page 56.

A. G. TROMMALD,  
Register of Deeds.

JULIUS A. SCHMAHL,  
Secretary of State.

60397  
State of Minnesota, County of Crow  
Wing, ss.

I hereby certify that the within in-  
strument was filed for record this 2nd  
day of October, A. D. 1913 at 9 o'clock  
A. M. and recorded in Book O of Minn.  
on page 56.

A. G. TROMMALD,

to \$20 monthly. Nettleton.—Adv.  
Conductor Bush reports that Brain-  
er's pickup team wiped out Pine Riv-  
er at the fair by a 4 to 2 score. Haat-  
ings, of the Ballard's, pitched for  
Brainerd, and Fricker of the Speed-  
weils caught. DeRoche held down  
first, Thorstad second, Bush short,  
Dahl third, and Keeler was one of  
the outfield. It was a fine, lively  
game, with Brainerd putting up a  
snappy offensive game.  
Steamer Myrtis M. will make a  
trip to Riverton Saturday, Oct. 4.  
Boat will leave Rice lake dock at 1  
o'clock and return at 7:30 P. M. Sun-  
day will leave at 9 A. M. and return  
3 P. M. and leave 4 P. M. and return  
7:30 p. m.—Adv. 10312p  
Thomas W. McMeekin, of St. Paul,  
son of Mr. and Mrs. Robert B. Mc-  
Meekins, has assumed his new duties  
as fourth assistant corporation at-  
torney and city prosecutor of St. Paul.  
He had been executive clerk in May-  
or Keller's office for eight months.  
Mr. McMeekin is a Brainerd boy,  
was graduated from the local high  
school, attended law school in St.  
Paul and has risen to his present po-  
sition in a few years. His many  
Brainerd friends congratulate him  
on his success.

**Y. M. C. A. NOTES**  
Don't forget the meeting at the Y.  
M. C. A. tonight at seven-thirty. This  
meeting is being called for the pur-  
pose of getting something started this  
fall in the way of cross country runs  
and a walking club. This is fine  
weather to start this and will enable  
some preliminary experience for next  
season's pleasures along these lines.  
Committees will be chosen at to-  
night's meeting to carry on the work  
for the balance of this season and to  
lay plans for furthering it to the  
greatest possible extent next year. So  
those who are interested should be  
sure and attend tonight's meeting.

**A CHILD'S LAXATIVE  
IS "SYRUP OF FIGS"**  
They Love to Take it and it Doesn't  
Harm the Tender Little Stom-  
ach, Liver and Bowels  
If your little one's tongue is coat-  
ed it is a sure sign the stomach, liver  
and bowels need a gentle, thorough  
cleansing at once. When your child  
is cross, peevish, listless, pale, doesn't  
sleep, eat or act naturally; if breath  
is bad, stomach sour, system full of  
cold, throat sore, or if feverish, give  
a teaspoonful of "California Syrup of  
Figs" and in a few hours all the  
clogged up, constipated waste, sour  
bile and undigested food will gently  
move out of the bowels, and you have  
a well, playful child again.  
Sick children needn't be coaxed to  
take this harmless "fruit laxative".  
Millions of mothers keep it handy  
because they know its action on the  
stomach, liver and bowels is prompt  
and sure. They also know a little  
given today saves a sick child to-  
morrow.  
Ask your druggist for a 50-cent  
bottle of "California Syrup of Figs",  
which contains directions for babies,  
children of all ages and for grown-  
ups plainly on the bottle. Beware  
of counterfeits sold here. Get the  
genuine, made by "California Fig  
Syrup Company." Don't be fooled!  
—Adv.

have been closed for a week owing to  
the fact that so many of the scholars  
are working in the potato fields pick-  
ing up spuds that the attendance did  
not warrant keeping the school go-  
ing until the crop was gathered.  
A street salesman cleaned up \$200  
in as many minutes at Verndale, sell-  
ing the residents of that town all the  
supplies they will need for the win-  
ter in the shape of collar buttons,  
writing paper, shoe strings, gold  
watches and chains and the like. It  
was like taking candy from the baby  
according to the Sun.  
The Aitkin people were somewhat  
worried by rumors that the Jones  
furnace people would pass them up  
and letters from the secretary were  
unanswered, but word has been re-  
ceived from Mr. Parent that he "got  
married" last Saturday which is the  
reason the Dell Development com-  
pany's business has been delayed. He  
writes the Aitkin people that they  
will understand.  
John Sloan, a Chippewa Indian,  
left 20 years ago and his people sup-  
posed him dead as he had not com-  
municated in any manner with them  
during all this time. His Indian al-  
lotment at White Earth was sold and  
the proceeds distributed to his alleged  
heirs through the probate court. Ten  
days ago Sloan returned from Alaska  
and claims his allotment of land.  
The courts will have to straighten  
out the tangle.

There is more Catarrh in this section  
of the country than all other diseases  
put together, and until the last few  
years was supposed to be incurable. For  
a great many years doctors pronounced  
remedies, and by constantly failing to  
cure with local treatment, pronounced it  
incurable. Science has proven Catarrh  
to be a constitutional disease, and there-  
fore requires constitutional treatment.  
Hall's Catarrh Cure, manufactured by  
P. J. Cheney & Co., Toledo, Ohio, is the  
only Constitutional cure on the market.  
It is taken internally in doses from 10  
drops to a teaspoonful. It acts directly  
on the blood and mucous surface of the  
system. They offer one hundred  
dollars for any case it fails to cure. Send  
for circulars and testimonials.

**CERTIFICATE OF INCORPORATION  
OF  
CANADIAN-CUYUNA ORE COMPANY**  
The undersigned hereby associate  
for the purpose of forming a corpora-  
tion under the laws of the state of Min-  
nesota, and, to that end, hereby adopt  
the following  
**CERTIFICATE OF INCORPORATION.**  
**ARTICLE I.**  
The name of the corporation shall be  
Canadian-Cuyuna Ore Company.  
The principal place of transacting its  
business shall be in the city of Brainerd,  
Crow Wing County, Minnesota; but it  
may establish offices and conduct busi-  
ness in any other state or country.  
The general nature of the business shall  
be to acquire, use, enjoy, encumber or  
dispose of, lands, tenements and heredi-  
ments, including leases of mines and  
mineral lands; to plat townsites and dis-  
pose of the same; to explore for ores and  
minerals, whether for the corporation or  
for others; to buy and sell, on commis-  
sion or otherwise, ores, metals and min-  
erals, and to mine, reduce, refine, work,  
manufacture or deal in the same; and  
to acquire and dispose of personal prop-  
erty, including stock in other cor-  
porations.  
**ARTICLE II.**  
The period of duration of said corpora-  
tion shall be thirty (30) years from the  
tenth day of October, 1913.  
**ARTICLE III.**  
The names of the incorporators are  
B. F. Lum, D. E. Bridgman, and B. M.  
Payne, all of whom reside in the city of  
Minneapolis, Minnesota.  
**ARTICLE IV.**  
The management of said corporation  
shall be vested in a board of not less than  
three nor more than seven directors, all  
of whom shall be elected by ballot by  
and from among the stockholders, at the  
annual meeting thereof, which shall be  
held at the office of the corporation in the  
city of Brainerd, Minnesota, or at  
such other place as the board of directors  
of the corporation may designate, on the  
second Tuesday of October in each year.  
The first meeting of the Board of Di-  
rectors shall be held at Minneapolis, Min-  
nesota, October 10th, 1913.  
**ARTICLE V.**  
The amount of capital stock of the  
corporation shall be five hundred thou-  
sand dollars (\$500,000) divided into five  
thousand (5000) shares of one hundred  
dollars (\$100) each, and said capital  
shall be paid in at such times and in  
such manner as shall be required by the  
Board of Directors. No share of stock  
shall be issued until fully paid for and  
not less than par. The corporation may  
adopt by-laws regulating the transfer of  
any and all shares of stock issued by it.  
**ARTICLE VI.**  
The highest amount of indebtedness or  
liability to which the corporation shall  
at any time be subject is five hundred  
thousand dollars (\$500,000).  
**ARTICLE VII.**  
In case of failure to elect directors at  
any annual meeting, they may be elected  
at any subsequent regular or special  
meeting of the stockholders, and when  
elected shall continue in office until their  
successors are chosen and enter upon the  
discharge of their duties. The di-  
rectors shall choose from their own  
number a president, vice-president, sec-  
retary and treasurer, and such officers as  
the Board of Directors may, from time  
to time, deem advisable; and such offi-  
cers, when chosen, shall continue in of-  
fice until their respective successors are  
elected and enter upon the discharge of  
their duties. Any two officers, except  
president and vice-president, may be held  
by the same person.  
At any meeting of directors a proxy  
may represent, and vote in place of, any  
director who may be absent, and who  
shall have duly authorized such proxy  
so to act by a writing filed with the sec-  
retary of the corporation.  
In case a vacancy shall occur in the  
Board of Directors, or in any office, it  
may be filled by the existing directors  
for the unexpired term.  
In Witness Whereof, we have sub-  
scribed and acknowledged this certi-  
ficate this 1st day of October, 1913.  
B. F. LUM,  
D. E. BRIDGMAN,  
B. M. PAYNE.  
In presence of  
J. R. VAN DERLIP,  
OLGA A. KASER.

State of Minnesota, County of Henne-  
pin, ss.  
On this 1st day of October, 1913, before  
me, a notary public within and for said  
county, personally appeared B. F. Lum,  
D. E. Bridgman and B. M. Payne, to me  
known to be the same persons described  
in and who executed the foregoing in-  
strument, and severally acknowledged  
that they executed the same as their free  
act and deed.

220 S. 7th St. Bane Block Brainerd  
We will take you out and show you the property. Open evening.

## N. P. RY. BRAINERD HOSPITAL REPORT

3,210 Cases were Treated at Brainerd for the Year Ending on June 30, 1913

EXCEEDS 1912 BY 670 CASES

Detailed Statement of Finances—Success in Curing Acute Appendicitis

The Dispatch is in receipt of the thirty-first annual report of the Northern Pacific Beneficial Association for the fiscal year ending June 30, 1913.

The receipts have increased over the previous year and are the largest in the history of the association, due not only to the bountiful harvest and improvement in business conditions but also the contribution of \$25,000 per annum by the Northern Pacific railway company and the special contribution of \$5,000 towards the construction of the new hospital at Glendive, Mont.

The result for the year was as follows: For year ending June 30, 1913, receipts \$309,801.62 and expenses \$280,075.97. The cases treated at Brainerd were 3,210 in 1913 and 2,540 in 1912, being an increase of 670 for the fiscal year.

The Brainerd hospital account stands: Cost N. P. Ry. Co. \$39,380.34. These additions were made by the beneficial association, in 1897 operating rooms and laundry costing \$4,083.58; root house \$115.28; ice house \$338.18; in 1901 contagious building \$595.00; in 1903 nurses building \$5,133.73 and diet kitchen \$413.48; in 1903-4 chief surgeon's residence \$6,532.70; in 1906 steam plant \$5,394.14; in 1907 screens \$129.00; in 1910 elevator shaft and radiators \$519.13 and drilling well \$969.75; in 1911 new water supply \$9,167.82, the total improvements being \$33,393.79 and giving the hospital the total value of \$72,774.13.

The Brainerd hospital equipment is charged with a capital of \$3000 and operation of \$10,610.87.

The Training School for Nurses at Brainerd hospital continues successfully. The graduation of the tenth class of student nurses was held January 17, 1913 in Elks hall in Brainerd, when diplomas and class pins were presented to the graduates. In the report made by Dr. W. Courtney, chief surgeon and Miss Maude I. Manning, superintendent of nurses, they state: "The work of our pupils has progressed satisfactorily, both theoretically and practically. We have in training at the present time thirteen nurses; one senior, seven intermediates, three juniors and two probationers. A class of five was graduated January 17, 1913, the address to the class being given by Dr. J. A. Thabes, of Brainerd. We wish to extend thanks to Dr. J. A. Thabes, Dr. R. A. Beise and to our hospital staff for their services during the year."

At Brainerd hospital no special improvements of any magnitude were provided, and details of the various reports made were as follows: repairs to water supply \$395.66; repairs to kitchen, plastering and flooring \$185.72; subscription for sidewalks

\$50.00, repairs to heating and plumbing \$192.23, repairs to grounds, trees, plants, etc. \$83.18, miscellaneous work, covering many small items, \$442.17, making a total for the fiscal year of \$1,348.96. A new high pressure sterilizing equipment was provided at a cost of \$1,031.93 to replace the old system installed ten years ago. The standard medicine chests at the Brainerd shops are in charge of E. J. Cook, 433 cases having been treated.

"The trip of American Red Cross Car No. 1 over the line in May and June of last year," said President M. C. Kimberly and Secretary W. A. Laidlaw in their report, "has been of great interest to all members, and we have again been favored in this respect by the American Red Cross Association as their Car No. 3, with Dr. M. J. Shields, Field Representative, in charge, has made another trip during July and August of this year, and giving lectures to the members upon first aid to injured and other causes. The establishment of a First Aid Department is now under consideration."

In the last fiscal year there were treated in Brainerd 1,929 surgical and 1,281 medical cases. In the hospital there were 1,269 cases, at their homes 142 and at the hospital office 1,799. Chronic appendicitis numbered 34 and acute 62. Other kinds numbered 12. There were cured 95, unimproved 4, died 2 and remaining in hospital 8. Fractures, sprains and contusions treated were many. Separating the various cases, there were 808 surgical, 84 eye, ear, nose and throat and 22 skin diseases. Of the indoor cases the grip, lumbago and rheumatism affected the most patients.

## CUYUNA SCHOOL GROUNDS IMPROVED

Fence Being Painted, Posts Tarred—Presbyterian Church is Being Painted

## CITY WATER IN SCHOOL HOUSE

D. A. Robinson has Crew of Men Clearing Timber from Iron Mountain Townsite

Cuyuna, Minn., Oct. 3.—The school board is having the fence on the school grounds painted and the posts are being treated to a coat of tar. Supt. Michaels and other School officials visited the yards at the Kennedy mine, going west as far as the new terminal at Riverton.

H. L. Searle has the contract painting the Presbyterian church.

Mrs. D. G. Sanderson is regaining her health.

W. H. Kast and family have taken up their residence in the Ideal theater building.

City water has been put in the school house. Simon Mark has rented the Cuyuna hotel and will conduct it in the future. Mr. and Mrs. Mark formerly had charge of the boarding house at the Cuyuna-Mille Lacs Mining Co. mine.

D. A. Robinson has a crew of men at work taking the timber from the townsite of Iron Mountain situated between Ironton and Manganese.

## ZAPFFE TESTIFIES ABOUT RANGE

Takes Stand at Hearing in Government's Dissolution Suit Against U. S. Steel Corporation

SAYS RANGE IS 30 MILES LONG

Asserted that as far as he knew the Steel Corporation Had no Interest in Range

New York, Oct. 2.—More experts, says the Duluth News Tribune, took the stand today at the hearing in the government's dissolution suit against the United States Steel corporation, to support the defendant's assertion that it does not control the available supply of iron ore.

Carl Zapffe, of Brainerd, a geologist employed by the Northwestern Improvement Company of St. Paul, was questioned about the mines of the Cuyuna range.

The witness said that the range held 30 miles of iron ore commercially valuable. He estimated the ore at 350,000,000 tons outside the mines now worked. This, he said, did not include the manganiferous ore which would add 50,000,000 tons to the total. The output from the range in 1911 was 147,000 tons.

Mr. Zapffe asserted that, so far as he knew, the Steel corporation had no interest in these mines or in the district.

## ANNUAL MEETING HELD

First Congregational Church Listens to Splendid Reports—Officers Elected

Last night the annual meeting of the First Congregational church was held in the church parlors, a fine congregation being assembled. The reports showed great progress along all lines and in every department; the increase in activities were most surprising.

The receipts and expenditure in the Bible school were double that of the preceding year, showing a two-fold increase in activities in that department alone.

One of the most interesting reports was that given by the parsonage committee. It was just a year ago that the project was suggested—now it is a reality, the donors having responded most generously to this fund making it possible to relieve the church of debt.

A resolution was presented and adopted that the bequest of the late Judge Holland be applied on the parsonage as soon as settlement is made by the executors.

G. D. LaBar and E. J. Cook were elected to the office of trustee for the period of three years; C. Bruhn was elected to the office of deacon for the period of three years; C. Cole was elected as head usher and H. Congdon, R. Ahrens, G. Ribbel, L. Slipp, S. Durham as assistant ushers for the period of one year; Mrs. J. M. Elder, Mrs. G. D. LaBar, Mrs. Nell Pie Wieland were elected as the music committee for one year. E. J. Cook was elected church auditor for the period of one year.

Resolutions were moved and adopted expressing thanks to the donors for their splendid support and willing assistance in all matters relating to the advancement of the church and community.

Many plans are laid for the future which will enlarge the work considerably. Persons not connected with any other church are given a hearty welcome to worship with the First Congregational church.

October 2, maximum 70, minimum 41.

## Musical Club Program

The Brainerd Musical club program for Saturday, October 4, is: Chopin Nocturne, Opus 15, No. 2—Miss Esther Erhard

President's Greeting—Mrs. Henry I. Cohen  
Liszt Rhapsodie No. 12 or Mignon Polonaise (transcription by Thomas-Peace)—Miss Erhard  
Refreshments and social hour.

Miss Erhard, of Chicago, comes to Brainerd with the idea of organizing a class in piano, if there seems to be a promising field here, and takes this means of introducing herself. She will be the guest of Mrs. A. W. Ide while in the city.

A Chicago paper has this to say of Miss Erhard's work, after her appearance on a concert program: "The evening's most brilliant performance was, without question, Esther Erhard's piano number. The beautiful young artist who has just returned from a three years' sojourn in Vienna studying under the great Leschetizky there—'Is there a musical wonder. When she played the 'Aase's Death,' by Grieg, one hardly dared draw a breath. The Nocturne for left hand alone was a technical achievement seldom equaled. She has surely a bright future in store for her."

The daughter of A. Mitchell, Bagdad, Ky., had a bad case of kidney trouble and they feared her health was permanently impaired. Mr. Mitchell says: "She was in terrible shape but I got her to take Foley Kidney Pills and now she is completely cured." Women are more liable to have kidney trouble than men and will find Foley Kidney Pills a safe dependable and honest medicine. For sale by H. P. Dunn.—Adv. mwj

## RAID DISORDERLY HOUSE

Police Force of City Round up Three Men and Two Women in Dragnet Thursday Night

Spurred on by the complaints of south side residents and others, Chief S. W. Quinn and Officers Nordstrom, Setula and Scott on Thursday night raided a shack near the home of Ole Rodman, South Tenth and Norwood streets, and arrested Rodman, two other men and two women, Ella Eisler and Lilly Davidson.

This morning all were in court. Rodman was charged with keeping a disorderly house. The shack had an extremely weather-beaten exterior, but the inside boasted of a maple floor, there were pictures on the wall and the room also gloried in a refrigerator built in the wall. When arrested, one of the inmates flourished a hammer, but seeing the superior force subsided and walked along.

Judge J. H. Warner heard the evidence. Ole Rodman pleaded not guilty to the charge of keeping a disorderly house. His bail was fixed at \$100 and the case continued to October 6. Lilly Davidson and Ella Eisler each drew \$10 fines or 10 days in jail, pleading guilty to the charge of frequenting a disorderly house. Andrew Olson pleaded not guilty, then changed his plea to guilty and drew \$5 or 5 days. He paid. Albert Gronlund drew the same sentence and paid his \$5 fine.

Philip Coburn, charged with stealing a gun and cartridges from a farmer named Fred Hanson, plead guilty to petty larceny and drew a \$11 fine or 11 days in jail. He paid his fine.

In cases heard Thursday Pat McDonald, charged with drunkenness, had also attempted to disfigure the countenance of an employee of the Antler's hotel. He was taken in tow by Officers Scott and Olson. McDonald was fined \$10 which he paid. John Johnson, drunk and disorderly, was fined \$5 which he paid. Officer Schulte arrested him.

## SUGGESTS SOUTH SIDE PARK

To the Editor:

How about the Betzold property for another city park? The Betzold estate on South Sixth and Seventh streets would make a beautiful park. It is already a beauty spot but being in the hands of private owners cannot be used commonly by the people. There are about twelve acres in the tract and it is heavily timbered. The pines, poplars, birch, oaks and other trees blend their various colors to perfection. It is an ideal natural park. When once the underbrush is cleared away it would be frequented by scores who find it hard to get out into the bigger woods.

To the north is a creek which with a little work could be made exceedingly attractive. With the development of the mines and the consequent trend of population toward this part of the city this tract of land would be along one of the main highways of travel.

Many cities have made the mistakes of being mindless of park areas till all available places have been lost. Now seems to be the time to take some steps toward acquiring such a desirable property. That these trees have been spared so long seems a mystery. One man with an ax in a few days could undo what nature has taken a hundred years to do.

The growth of our city is going to make it more and more necessary to have these rest places and beauty spots. Let us have parks and let us have as many as the promise of the city seems to demand. ...

## INDIGESTION ENDED, STOMACH FEELS FINE

Time "Pape's Diapepsin": In five minutes all Sourness, Gas, Heartburn and Dyspepsia is gone

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.—Adv.

## "COINING MONEY"

Is so different, yet a phrase aptly applied when money is made rapidly by investment. ABSOLUTE SAFETY is the first consideration, and Real Estate offers that safety; certainly an immediate increase is next. Any city now building on substantial industrial development insures rapidly increasing value.

GARY, the new Steel Plant City, offers a full measure of these requirements. Gary, 1st Div. adjoins the U. S. Steel Corporation's new 25 million Dollar Steel Plant, where both city and plant are now building. The mills are expected to operate by spring. Other gigantic subsidiary plants are also locating, one of which is the big Cement Plant, costing nearly Two Million Dollars, giving assurance of a 200 MILLION DOLLAR INDUSTRIAL GROWTH with 12,000 workmen receiving a FULL MILLION IN PAYROLLS EACH MONTH. FACTS show the inevitable result—an ENORMOUS CITY with it's high priced realty within 6 years.

No investment at Gary, Ind., during 1906-7-8 were without immense profits. Gary, 1st Div., now stands where Gary, Ind., stood in 1906-7. You can now own a business lot in Gary at a reasonable price and on easy terms, where the Steel Co. has already invested more money than is within your realization of its magnitude. CERTAIN IMMUTABLE LAWS operating through great industrial development, areas certain as the law of gravitation, guaranteeing the investor an increased population, producing high valued realty in quick time, thereby "coining you money" from the purchase NOW of a Gary lot. THIS is sound business judgment. THIS IS YOUR OPPORTUNITY. Investigate it, whether your funds are great or small, and you will realize accordingly. Follow U. S. Steel Development and make money instead of mistakes. Ask for a photo of the new Gary.

## N. P. RY. BRAINERD HOSPITAL REPORT

3,210 Cases were Treated at Brainerd for the Year Ending on June 30, 1913

EXCEEDS 1912 BY 670 CASES

Detailed Statement of Finances—Success in Curing Acute Appendicitis

The Dispatch is in receipt of the thirty-first annual report of the Northern Pacific Beneficial Association for the fiscal year ending June 30, 1913.

The receipts have increased over the previous year and are the largest in the history of the association, due not only to the bountiful harvest and improvement in business conditions but also the contribution of \$25,000 per annum by the Northern Pacific railway company and the special contribution of \$5,000 towards the construction of the new hospital at Glendive, Mont.

The result for the year was as follows: For year ending June 30, 1913, receipts \$309,801.62 and expenses \$280,075.97. The cases treated at Brainerd were 3,210 in 1913 and 2,540 in 1912, being an increase of 670 for the fiscal year.

The Brainerd hospital account stands: Cost N. P. Ry. Co. \$39,380.34. These additions were made by the beneficial association, in 1897 operating rooms and laundry costing \$4,083.58; root house \$115.28; ice house \$338.18; in 1901 contagious building \$595.00; in 1903 nurses building \$5,133.73 and diet kitchen \$413.48; in 1903-4 chief surgeon's residence \$6,532.70; in 1906 steam plant \$5,394.14; in 1907 screens \$129.00; in 1910 elevator shaft and radiators \$519.13 and drilling well \$969.75; in 1911 new water supply \$9,167.82, the total improvements being \$33,393.79 and giving the hospital the total value of \$72,774.13.

The Brainerd hospital equipment is charged with a capital of \$3000 and operation of \$10,610.87.

The Training School for Nurses at Brainerd hospital continues successfully. The graduation of the tenth class of student nurses was held January 17, 1913 in Elks hall in Brainerd, when diplomas and class pins were presented to the graduates. In the report made by Dr. W. Courtney, chief surgeon and Miss Maude I. Manning, superintendent of nurses, they state: "The work of our pupils has progressed satisfactorily, both theoretically and practically. We have in training at the present time thirteen nurses; one senior, seven intermediates, three juniors and two probationers. A class of five was graduated January 17, 1913, the address to the class being given by Dr. J. A. Thabes, of Brainerd. We wish to extend thanks to Dr. J. A. Thabes, Dr. R. A. Beise and to our hospital staff for their services during the year."

At Brainerd hospital no special improvements of any magnitude were provided, and details of the various reports made were as follows: repairs to water supply \$395.66; repairs to kitchen, plastering and flooring \$185.72; subscription for sidewalks

\$50.00, repairs to heating and plumbing \$192.23, repairs to grounds, trees, plants, etc. \$83.18, miscellaneous work, covering many small items, \$442.17, making a total for the fiscal year of \$1,348.96. A new high pressure sterilizing equipment was provided at a cost of \$1,031.93 to replace the old system installed ten years ago. The standard medicine chests at the Brainerd shops are in charge of E. J. Cook, 439 cases having been treated.

"The trip of American Red Cross Car No. 1 over the line in May and June of last year," said President M. C. Kimberly and Secretary W. A. Laidlaw in their report, "has been of great interest to all members, and we have again been favored in this respect by the American Red Cross Association as their Car No. 3, with Dr. M. J. Shields, Field Representative, in charge, has made another trip during July and August of this year, and giving lectures to the members upon first aid to injured and other causes. The establishment of a First Aid Department is now under consideration."

In the last fiscal year there were treated in Brainerd 1,979 surgical and 1,281 medical cases. In the hospital there were 1,269 cases, at their homes 142 and at the hospital office 1,799. Chronic appendicitis numbered 34 and acute 62. Other kinds numbered 12. There were cured 95, unimproved 4, died 2 and remaining in hospital 8. Fractures, sprains and contusions treated were many. Separating the various cases, there were 808 surgical, 84 eye, ear, nose and throat and 22 skin diseases. Of the indoor cases the grip, lumbago and rheumatism affected the most patients.

## CUYUNA SCHOOL GROUNDS IMPROVED

Fence Being Painted, Posts Tarred—Presbyterian Church is Being Painted

## CITY WATER IN SCHOOL HOUSE

D. A. Robinson has Crew of Men Clearing Timber from Iron Mountain Townsite

Cuyuna, Minn., Oct. 3.—The school board is having the fence on the school grounds painted and the posts are being treated to a coat of tar.

Supt. Michaels and other Soo Line officials visited the yards at the Kennedy mine, going west as far as the new terminal at Riverton.

H. L. Searle has the contract painting the Presbyterian church.

Mrs. D. G. Sanderson is regaining her health.

W. H. Kast and family have taken up their residence in the Ideal theater building.

City water has been put in the school house.

Simon Mark has rented the Cuyuna hotel and will conduct it in the future. Mr. and Mrs. Mark formerly had charge of the boarding house at the Cuyuna-Mille Lacs Mining Co. mine.

D. A. Robinson has a crew of men at work taking the timber from the townsite of Iron Mountain situated between Ironton and Manganese.

## ZAPFFE TESTIFIES ABOUT RANGE

Takes Stand at Hearing in Government's Dissolution Suit Against U. S. Steel Corporation

SAYS RANGE IS 30 MILES LONG

Asserted that as far as he knew the Steel Corporation Had no Interest in Range

New York, Oct. 2.—More experts, says the Duluth News Tribune, took the stand today at the hearing in the government's dissolution suit against the United States Steel corporation, to support the defendant's assertion that it does not control the valuable supply of iron ore.

Carl Zapffe, of Brainerd, a geologist employed by the Northwestern Improvement Company of St. Paul, was questioned about the mines of the Cuyuna range.

The witness said that the range held 30 miles of iron ore commercially valuable. He estimated the ore at 350,000,000 tons outside the mines now worked. This, he said, did not include the manganese ore which would add 50,000,000 tons to the total. The output from the range in 1911 was 147,000 tons.

Mr. Zapffe asserted that, so far as he knew, the Steel corporation had no interest in these mines or in the district.

## ANNUAL MEETING HELD

First Congregational Church Listens to Splendid Reports—Officers Elected

Last night the annual meeting of the First Congregational church was held in the church parlors, a fine congregation being assembled. The reports showed great progress along all lines and in every department; the increase in activities were most surprising.

The receipts and expenditure in the Bible school were double that of the preceding year, showing a two-fold increase in activities in that department alone.

One of the most interesting reports was that given by the parsonage committee. It was just a year ago that the project was suggested—now it is a reality, the donors having responded most generously to this fund making it possible to relieve the church of debt.

A resolution was presented and adopted that the bequest of the late Judge Holland be applied on the parsonage as soon as settlement is made by the executors.

G. D. LaBar and E. J. Cook were elected to the office of trustee for the period of three years; C. Bruhn was elected to the office of deacon for the period of three years; C. Cole was elected as head usher and H. Congdon, R. Ahrens, G. Ribbel, L. Slipp, S. Durham as assistant ushers for the period of one year; Mrs. J. M. Elder, Mrs. G. D. LaBar, Mrs. Nell Fie Wieland were elected as the music committee for one year. E. J. Cook was elected church auditor for the period of one year.

Resolutions were moved and adopted expressing thanks to the donors for their splendid support and willing assistance in all matters relating to the advancement of the church and community.

Many plans are laid for the future which will enlarge the work considerably. Persons not connected with any other church are given a hearty welcome to worship with the First Congregational church.

October 2, maximum 70, minimum 41.

## Musical Club Program

The Brainerd Musical club program for Saturday, October 4, is:

Chopin Nocturne, Opus 15, No. 2—Miss Esther Erhard

President's Greeting —————

Mrs. Henry I. Cohen

Liszt Rhapsodie No. 12 or Mignon

Polsonaie (transcription by Thomas-Pease) —————

Miss Erhard

Refreshments and social hour.

Miss Erhard, of Chicago, comes to Brainerd with the idea of organizing a class in piano, if there seems to be a promising field here, and takes this means of introducing herself. She will be the guest of Mrs. A. W. Ide while in the city.

A Chicago paper has this to say of Miss Erhard's work, after her appearance on a concert program: "The evening's most brilliant performance was, without question, Esther Erhard's piano number. The beautiful young artist who has just returned from a three years' sojourn in Vienna studying under the great Leschetizky there—[is] indeed a musical wonder. When she played the 'Aase's Death,' by Grieg, one hardly dared draw a breath. The Nocturne for left hand alone was a technical achievement seldom equaled. She has surely a bright future in store for her."

The daughter of A. Mitchell, Bagdad, Ky., had a bad case of kidney trouble and they feared her health was permanently impaired. Mr. Mitchell says: "She was in terrible shape but I got her to take Foley Kidney Pills and now she is completely cured." Women are more liable to have kidney trouble than men and will find Foley Kidney Pills a safe dependable and honest medicine. For sale by H. P. Dunn—Adv. mwf

## RAID DISORDERLY HOUSE

Police Force of City Round up Three Men and Two Women in Dragnet Thursday Night

Spurred on by the complaints of south side residents and others, Chief S. W. Quinn and Officers Nordstrom, Setula and Scott on Thursday night raided a shack near the home of Ole Rodman, South Tenth and Norwood streets, and arrested Rodman, two other men and two women, Ella Elsler and Lilly Davidson.

This morning all were in court. Rodman was charged with keeping a disorderly house. The shack had an extremely weather-beaten exterior, but the inside boasted a maple floor, there were pictures on the wall and the room also gloried in a refrigerator built in the wall. When arrested, one of the inmates flourished a hammer, but seeing the superior force subsided and walked along.

Judge J. H. Warner heard the evidence. Ole Rodman plead not guilty to the charge of keeping a disorderly house. His bail was fixed at \$100 and the case continued to October 6.

Lilly Davidson and Ella Elsler each drew \$10 fines or 10 days in jail, pleading guilty to the charge of frequenting a disorderly house. Andrew Olson plead not guilty, then changed his plea to guilty and drew \$5 or 5 days. He paid. Albert Gronlund drew the same sentence and paid his \$5 fine.

Philip Coburn, charged with stealing a gun and cartridges from a farmer named Fred Hanson, plead guilty to petty larceny and drew a \$11 fine or 11 days in jail. He paid his fine.

In cases heard Thursday Pat McDonald, charged with drunkenness, had also attempted to disgrace the countenance of an employee of the Antler's hotel. He was taken in tow by Officers Scott and Olson. McDonald was fined \$10 which he paid. John Johnson, drunk and disorderly, was fined \$5 which he paid. Officer Schulte arrested him.

## SUGGESTS SOUTH SIDE PARK

To the Editor:

How about the Betzold property for another city park? The Betzold estate on South Sixth and Seventh streets would make a beautiful park. It is already a beauty spot but being in the hands of private owners cannot be used commonly by the people. There are about twelve acres in the tract and it is heavily timbered. The pines, poplars, birch, oaks and other trees blend their various colors to perfection. It is an ideal natural park. When once the underbrush is cleared away it would be frequented by scores who find it hard to get out into the bigger woods.

To the north is a creek which with a little work could be made exceedingly attractive. With the development of the mines and the consequent trend of population toward this part of the city this tract of land would be along one of the main highways of travel.

Many cities have made the mistakes of being mindless of park areas till all available places have been lost. Now seems to be the time to take some steps toward acquiring such a desirable property. That these trees have been spared so long seems a mystery. One man with an axe in a few days could undo what nature has taken a hundred years to do.

The growth of our city is going to make it more and more necessary to have these rest places and beauty spots. Let us have parks and let us have as many as the promise of the city seems to demand. \*\*\*

## INDIGESTION ENDED, STOMACH FEELS FINE

Time "Pape's Diapiesin." In five minutes all Sourness, Gas, Heartburn and Dyspepsia is gone

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapiesin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapiesin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapiesin. There will not be any distress—eat without fear. It's because Pape's Diapiesin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapiesin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home. —Adv.

# HOTEL BUILDING MUCH DELAYED

Slow Work Wiring the Peter Spina Hotel at Ironton Keeps Back Contractor Rowley

## OTHER BUILDING OPERATIONS

Supt. J. W. Kreitter, of Duluth, the Guest of Mr. and Mrs. Primus D. Kreitter

Ironton, Minn., October 3.—Construction work on the Peter Spina hotel has been delayed because the wiring has not been finished. Contractor C. B. Rowley has the brick-work completed. The hotel is two stories high at present and at some future time may be made three stories.

The Carl Dandre building is about completed.

The Cuyuna-Mille Lacs and the Cuyuna-Duluth mines are shipping each seven or more cars of ore daily.

John H. Hill is at Duluth attending to business matters.

A. H. Proctor, formerly cashier of the First National bank of Duluth, will be cashier of the First National bank of Ironton, taking charge November 1.

Supt. J. W. Kreitter, of Duluth, of the Duluth, Missabe & Northern railway, visited Ironton in his private car and was the guest of Mr. and Mrs. Primus D. Kreitter.

Messrs. Kreitter and Stetson and their families enjoyed a hunt at Clearwater lake, making the trip in automobiles.

D. B. McAlpine attended to legal matters at Brainerd last week.

E. A. Lamb is at Duluth attending to business matters.

William Seafeld has been at Duluth several days.

As played for 10 months at the Lyceum Theatre, New York City with Janet Allyn and a Fine Cast

PRICES—25, 50, 75, \$1.00

# SOME DON'TS

## For Stomach and Liver Sufferers

Don't take medicine for your Stomach ailments morning, noon and night, as usually such medicines only give temporary relief and simply digest the food that has passed into the stomach. Don't permit a surgical operation. There is always serious danger in operations and in many cases of Stomach, Liver and Intestinal ailments the knife can be avoided if the right remedy is taken in time.

Don't go around with a foul smelling breath caused by disordered Stomach and Liver, to the discomfort of those you come in contact with. If you are a Stomach Sufferer don't think you cannot be helped, probably worse cases than yours have been restored by Mayr's Wonderful Stomach Remedy.

Most stomach ailments are mainly caused by a catarrhal condition. Mayr's Wonderful Stomach Remedy not only removes the catarrhal mucus, but allays the chronic inflammation and assists in rendering the entire alimentary and intestinal tract antiseptic, and this is the secret of its marvelous success.

Don't suffer constant pain and agony and allow your stomach ailments to physically undermine your health. No matter how severe your case may be or how long you have suffered—once you use Mayr's Wonderful Stomach Remedy should convince you that you can be restored to health again. Mayr's Wonderful Stomach Remedy has been taken and is highly recommended by Members of Congress, Justices of the Supreme Court, Educators, Lawyers, Merchants, Bankers, Doctors, Druggists, Nurses, Manufacturers, Priests, Ministers, Farmers and people in all walks of life.

Send for FREE valuable booklet on Stomach ailments to Geo. H. Mayr, 154-155 Whiting St., Chicago, Ill.

HOTEL BUILDING  
MUCH DELAYED

Slow Work Wiring the Peter Spina  
Hotel at Ironton Keeps Back  
Contractor Rowley

## OTHER BUILDING OPERATIONS

Supt. J. W. Kreitter, of Duluth. the  
Guest of Mr. and Mrs. Primus  
D. Kreitter

Ironton, Minn., October 3—Construction work on the Peter Spina hotel has been delayed because the wiring has not been finished. Contractor C. B. Rowley has the brick-work completed. The hotel is two stories high at present and at some future time may be made three stories. The Carl Dandre building is about completed.

The Cuyuna-Mille Lacs and the Cuyuna-Duluth mines are shipping each seven or more cars of ore daily. John H. Hill is at Duluth attending to business matters.

A. H. Proctor, formerly cashier of the First National bank of Duluth, will be cashier of the First National bank of Ironton, taking charge November 1.

Supt. J. W. Kreitter, of Duluth, of the Duluth, Missabe & Northern railway, visited Ironton in his private car and was the guest of Mr. and Mrs. Primus D. Kreitter.

Messrs. Kreitter and Stetson and their families enjoyed a hunt at Clearwater lake, making the trip in automobiles.

D. B. McAlphine attended to legal matters at Brainerd last week.

E. A. Lamb is at Duluth attending to business matters.

William Seafeld has been at Duluth several days.

## MUSIC AND DRAMA

## "The Thief"

A peculiar incident occurred recently in Oklahoma City when "The Thief" which appears at the Brainerd opera house on Sunday evening, Oct. 5, with Miss Janet Allyn in the leading role was presented in that city.

After the second performance of the play a woman appeared at the stage door of the theatre and asked to see Miss Allyn and upon being introduced, the woman fell into a fit of weeping and it was some time before she could compose herself sufficiently to explain the nature of her visit. It appears that on the evening before she and her husband had witnessed the performance and so greatly impressed was she by the play that she confessed to her husband that for months she had been taking money from his pockets in order that she might appear as well dressed as her friends.

In her conversation with Miss Allyn, she related the terrible experience she had gone through with concealing the facts from her husband and that had it not been for the fact that she had seen "The Thief" she would have probably gone through life with the weight of her crime on her mind.

## "The Common Law"

Next Wednesday night, Oct. 8, at the Brainerd opera house will be presented "The Common Law," a dramatization of the celebrated novel of that title by Robert W. Chambers. The story of the play is too well known to call for repetition, but in preparing it for stage use, Manager A. H. Woods has brought out the salient features in an absorbingly interesting manner and equipped it with a cast of players every one of whom is thoroughly capable of the
